

Tuition Worksheet

- There is a 25% discount for the second family member, 50% discount for any additional family members.
- There is a 25% discount for any additional classes should a dancer register for two or three classes. The longest class is charged full price, and the discounts apply to the shorter class(es).

Tuition Worksheet:

Use this worksheet to calculate your family's tuition if you have one dancer taking more than one class, or multiple dancers.
